

# Hangar Door Services

**Groome delivers innovative hangar solutions. Our mission is to provide superior maintenance support and specialty construction services for commercial, corporate and military flight departments.**

We offer a complete selection of hangar and specialty door systems for any application. Our approach allows for more custom styles and manufactured door systems to best fit the building structure, operational needs, and budgetary requirements.

**A sampling of popular door designs includes:**

**Bottom Rolling | Bi-Fold | Tilt-Up | Telescopic  
Tail Doors | Four-Fold | Top Hung Slider  
Crane Way | Fire-Rated  
Explosion and Security Proof**

**Our extensive professional support in planning and budgeting any type of hangar upgrade project includes:**

**Maintenance | Inspections | Engineering | Design | Retrofit | Replacement**

## Inspection & Maintenance

- Repair or replacement of lower rail and upper tracks
- Installation or repair of safety door alarms, limit switches, and door seals
- Repair or replacement of man doors and overhead steel doors
- Repair or replacement of siding and roofing systems
- Electrical inspections

## Retrofit

- Motorization and retrofit drive services for existing hangar door systems
- Restructuring of damaged hangar door structures and siding panels
- Structural engineering, design and support
- Evaluation and detailed studies for new or existing hangar lighting projects

## Replacement

- Replacement of all major door manufacturers
- Installation of new doors, building insulation, and circulating fan systems

## Fall Protection

Aircraft hangar management is responsible for providing safe working conditions for their employees. Fall Protection Systems are designed to protect personnel from the risk of a fall when working at height.

Our systems include:

- Single and Multiple Cable Systems
- Rigid Rail and Trolley Systems
- Rail and Overhead Crane Combinations
- Comprehensive Custom Systems

**Our philosophy is simple:  
provide quality, innovative services at a reasonable cost.**

With over 50 years of providing specialty maintenance and industrial services nationwide, Groome Industrial Service Group has never been stronger, safer, or more focused on the future than we are today.

**Safety is paramount at Groome.**

We follow IME/OSHA-based safety training programs, along with an OSHA 30 training standard for all employees. An accident-free environment translates to lower insurance costs, better employee commitment, higher productivity, and an improved bottom line for our customers.

**Complete Turnkey Solutions.  
No Subcontractors.  
Minimal Plant Support Needed.**
