

# Industrial Coating Services

**Whatever the size or complexity of the project, we have the expertise to assist from the planning phase through to successful completion.**

Our Industrial Coating Services meet the diverse needs found across a wide range of industries that include power generation, marine terminal, heavy industrial, pharmaceutical, food & beverage, and more.

Groome caters to work that ranges from maintenance touch-ups and corrosion arrests, to full coating systems on a wide range of assets including:

Dockside Cranes  
Roof Coating  
Concrete Deck Coating  
Siding Coating

Structural Steel Preservation Program  
Stack Rigging & Coating  
Pipes

Tank Maintenance Coating & Lining  
Safety / Identification Color Coding  
Air Inlet Filter House

**We don't hire subcontractors. Our experienced crews come to you to deliver turnkey, value-added projects.**

Groome takes care of everything from scaffolding to containment. We handle all the details.

**Our experience** is your asset.

**We know the right questions to ask, and assist in developing specifications to fit almost any budget.**

We boast long-standing affiliations with both the Society for Protective Coatings (SSPC) and National Association of Corrosion Engineers (NACE).

**Our philosophy is simple:  
provide quality, innovative services at a reasonable cost.**

With over 50 years of providing specialty maintenance and industrial services nationwide, Groome Industrial Service Group has never been stronger, safer, or more focused on the future than we are today.

**Safety is paramount at Groome.**

We follow IME/OSHA-based safety training programs, along with an OSHA 30 training standard for all employees. An accident-free environment translates to lower insurance costs, better employee commitment, higher productivity, and an improved bottom line for our customers.

**Complete Turnkey Solutions.  
No Subcontractors.  
Minimal Plant Support Needed.**
